Rick

Sounds good. If you put 225 S. University St., West Lafayette, IN in maps.google.com it will map the location accurately. We are in the Agricultural and Biological Engineering Building (you can park on the south side of the building on the service drive in a university vehicle spot until you come into the building to get a parking pass).

Dr. Chaubey and Dr. Engel,

We are planning to fly out Sunday evening late and drive to the University Monday morning. We will need an address and/or directions to where we will be meeting. We will need to be back to the airport for a flight around 5 p.m. so we should have adequate time to talk. Thanks for making yourselves available.

Rick

We have now determined one of our team members can't meet until the week of Oct 27--31. Is there a day in that week that can work for Dr. Chaubey? Please let me know and we will schedule everything around that day. Thanks

I'm trying again.

I meant to cc Indrajeet earleir so have done so now.

Indianapolis is an hour and 10 minutes or so. A rental car is probably best but a shuttle does run about every 2.5 hours.

Bernie,

David Riggs and I are going to see what arrangements we can make to get up there Wednesday afternoon and be available then and into Thursday morning if need be. We have a late meeting here Tuesday so we can't get out before Wed a.m. most likely. What is the best travel city to fly to, in your experience? Thanks Rick

David

I didn't have Rick's email accessible.

I talked with Indrajeet and he is interested. He is available next week. The following week he is in Springdale for project meetings.

The best days next week would be wed and thurs.

Bernie
